Activities considered to be incidental and not substantial to the primary focus of an Agency are those which account for 10% or less of the Agency's operating expenses.

3.4 The term Federation shall mean a grouping of at least ten (10) Agencies or Charitable Organizations joined contractually into a single organization for fund-raising purposes.

3.9 The term Campaign Manager shall mean a Federation selected by the Administrative Board to conduct and manage each City-County Employee Campaign and serve as the Campaign's fiscal manager.

4.0 Summary Description of the City-County Employee Campaigns.

4.1 The City-County shall conduct one or more City-County Employee Campaigns each year at times designated by the Director.

4.2 The Campaigns will be directed and managed by the Director or his or her designee(s) with the assistance of a Campaign Manager. The Campaigns are subject to the approval of the Administrative Board as to the compatibility of each Campaign

with the intended use of the City-County facilities and its Employees, which is to conduct City-County business. Each Campaign will be conducted under administrative arrangements that provide for the allocation of contributions in accordance with specific designations by donors. Only Employees will be solicited. The Director shall determine the time, place, and manner of Employee solicitation.

4.3 Employee solicitation shall be conducted during on-duty hours using methods approved by the Director that permit true voluntary giving and reserve to each Employee the option of disclosing any gift or keeping it confidential. Actions that do not allow free choice (or even create an appearance that Employees do not have a free choice) to give or not to give, or to publicize their gifts, or to keep them confidential, are contrary to City-County policy. The following activities are not in accord with the intent of the City-County policy and, in the interest of preventing coercive activities, are not permitted in the City-County Employee Campaigns:

- (a) supervisory solicitation of Employees supervised;
- (b) setting 100% participation goals;
- (c) providing and using contributor lists for purposes other than the routine collection of Campaign pledges;
- (d) establishing personal dollar goals and quotas;
- (e) developing and using lists of non-contributors; and

- (f) influence exerted by Campaign Coordinators or other City-County Employees to give to a particular Agency in the Campaign.

4.4 The Campaigns are a means for promoting true voluntary charity among City-County Employees. Because of the City-County's participation in the Campaigns, all kinds of discrimination which the City and County are prohibited by law from engaging in must be proscribed in the Campaigns. Accordingly, discrimination for or against any individual or group on account of race, color, religion, sex, national origin, age, disability, or political affiliation is prohibited in all aspects of the management and execution of the Campaigns. Nothing herein denies eligibility to any Agency, which is otherwise eligible under these guidelines to participate in the Campaigns, merely because the Agency is organized by and on behalf of, or to serve, persons of a particular race, color, religion, sex, national origin, age, or disability.

6.0 Application for and Selection of Campaign Manager.

6.1 Any Federation interested in being the Campaign Manager shall apply to be the Manager at the same time it applies to participate in each City-County Employee Campaign.

6.2 The Director shall recommend a Campaign Manager to the Administrative Board for each Campaign each year. In recommending a Campaign Manager, the Director shall consider the following factors:

- (a) the Federation's direct and substantial presence in the

Indianapolis and Marion County area. "Direct and substantial presence" is defined as a staff facility or office dedicated exclusively to that Federation which is open on a full-time basis. The facility or office may be staffed by volunteers. Those that also provide services on a regional or statewide basis (excluding merely the provision of a "800" telephone number) may be eligible for consideration.

- (b) the Federation's experience in developing and organizing employee campaigns similar to the City-County Employee Campaigns, including past experience in conducting the City-County Employee Campaigns;
- (c) the Federation's ability to conduct the Campaigns without disruption to the workplace and without additional cost to the City and County;

- (e) the Federation's demonstrated reasonable fundraising and administrative expenses that, in no case, are in excess of 20% of the Campaigns' actual total support and revenue; and

- (f) the Federation's ability to meet all requirements of these guidelines to participate in City-County Employee Campaigns.

7.0 Selection of Participants in the Campaigns.

7.1 Specific requirements for Federations. In addition to satisfying the definition of a Federation in Section 3.4 above, the Federation must submit evidence to the Director on each of the following factors to be eligible to participate in City-County Employee Campaigns:

- (a) that it is composed of at least ten (10) charitable Agencies or organizations as defined in Section 3.1;
- (b) that it has been incorporated or registered and is in good standing as a not-for-profit corporation in Indiana;
- (c) that it has been in existence for at least twenty-four (24) months;
- (d) that it and each of its member Agencies is currently classified as tax exempt under 26 U.S.C. 501(c)(3), and is eligible to receive tax-deductible contributions under 26 U.S.C. 170;
- (e) that, with the exception of a Federation whose revenues are affected by unusual or emergency circumstances as determined by the Director, it has received at least 50% of its revenues from sources other than the Federal, State or Local Government or at least 20% of its revenues from direct and/or indirect contributions from private

sources in the year immediately preceding any year in which it seeks to participate in Campaigns;

- (f) that it is directed by an active governing board, a majority of whose members serve without compensation;
- (g) that it has adopted and employs generally accepted accounting principles that apply to not-for-profit corporations and was audited by an independent certified public accountant in the year immediately preceding any year for which it applies for admission to receive donations from the Campaigns;
- (h) that it insures that its publicity and promotional activities are based upon its actual program and operations, are truthful and non-deceptive, and include all material facts;
- (i) that its publicity and promotional activities provide protection against unauthorized use of its contributor lists, prohibit the payment of commissions, kickbacks, finders fees, percentages, bonuses or overrides for fund raising, and prohibit general telephone solicitation of City-County Employees;
- (j) that it prepares and makes available to the general public an annual report that includes a full description of its and its Agencies' activities and accomplishments and the names of its chief administrative personnel; and

- (k) that it operates without discrimination in regard to race, creed, color, age, sex, religion, national origin, disability, or political affiliation in employment and delivery of services.

7.2 Admission procedures.

- (a) Applications to participate in City-County Employee Campaigns must be made in writing to the Director, by February 1 each year. Such application shall include the information listed in Section 7.1. The Director shall review all applications and recommend to the Administrative Board whether the organization is eligible to participate in that year's City-County Employee Campaigns.
- (b) The Administrative Board will act on the Director's recommendations and hear any appeals from applicant organizations by April 1 each year.
- (c) The Administrative Board will forward a list of all participating Federations in each Campaign to the Director and Designee.
- (d) Admission is good for one Campaign year.

7.3 Appeal procedures.

- (a) To make certain that all organizations receive full and equitable consideration in case of error in judgment or fact, a Federation may appeal to the Administrative Board the recommendation of the Director that the Federation

or any of its Agencies not be admitted to that year's City-County Employee Campaigns.

- (b) Within ten (10) days of receipt of written notification from the Director or Designee that a Federation or any of its Agencies will not be recommended for inclusion in that year's Campaign, the Federation shall submit in writing a detailed statement of all bases for its appeal. Appeals shall be submitted directly to the secretary of the Administrative Board.
- (c) The appeal will be reviewed by the Administrative Board at a public meeting. The Federation's representatives will have an opportunity to appear personally before the Administrative Board to present evidence that the Federation or any of its Agencies should be a participant in that year's Campaign.
- (d) The decision of the Administrative Board as to whether any Federation or any of its Agencies shall be part of any Campaign shall be final.

7.4 Prohibited practices.

- (a) Funds contributed to a Federation or any of its Agencies admitted to each Campaign must be effectively used for the announced purposes of the Federation and its Agencies. In the event a Federation or Agency fails to adhere to the requirements, policies and procedures of a Campaign or these guidelines, its privilege to receive donations through the City-County payroll system may be

withdrawn by the Administrative Board, upon recommendation of the Director, at any time after due notice and opportunity for consultation with the Federation or Agency. Such a result will occur when, for example, an organization: (a) fails to allocate its funds in the manner it promised; (b) is found to have made material misrepresentations on its application to the Director; (c) fails to disclose to the general public an annual report as required by 7.1(j); (d) intentionally misrepresents or deceives City-County Employees as to its purpose and/or the intent of its organization; or (e) becomes ineligible for any reason under these guidelines.

8.0 Conduct of the City-County Employee Campaigns.

8.1 The Director or Designee, with Campaign Manager's assistance, shall prepare a plan for the Campaign as to specific dates, times, activities and solicitation materials (including a sample pledge card) to be used.

8.2 The Campaign shall use a single pledge card which shall allow Employees the option of specifying that contributions be distributed to a participating Federation's general fund, an individual Agency of a participating Federation, or to any other agency or charitable organization (as defined in Section 3.1). Undesignated contributions shall be divided among Federations in same proportion as designated contributions.

8.3 Costs related to the promotion and administration of each Campaign shall be deducted from each Federation's or Agency's proceeds based on the percentage of total Campaign monies received by that Federation or Agency. Any shrinkage experienced shall reduce the monies distributed based on a percentage projection, and adjusted by actual results, made by the Campaign Manager. City-County Employees shall be apprised of the arrangement for handling each Campaign's costs by a statement in the Campaign brochure.

8.4 The Campaign Manager will develop and produce a Campaign brochure. The brochure will describe the City-County Employee Campaign arrangement, explain the payroll deduction privilege, inform Employees of their right to make a choice, and provide information about the participating Federations and the Campaign Manager. The brochure will provide instructions as to how an Employee may obtain more specific information about participating Federations and their Agencies, their programs, and their finances, and will explain that when gifts are earmarked to a specific participant, the Campaign Manager shall remit such funds directly to that Federation or Agency. All Campaign and publicity materials for each Campaign must be approved by the Director or Designee.

8.5 Solicitation of Employees will occur during duty hours, not on the Employees' time. Employee solicitation by Federations and their Agencies shall be limited to campaign dates and shall be conducted in accordance with these guidelines.

8.6 Employees may be given excused time from their regular assignments to serve on Campaigns as solicitors or as "staff" to

the Campaigns.

8.7 Each Federation will provide the following:

- (a) one (1) or more staff members or volunteers to attend the Campaign kick-off, awards ceremony and all planning meetings;
- (b) a staff member assigned to the Campaign at all times; and
- (c) two or more staff members or volunteers to serve on a speakers bureau.

Failure to comply with this section may result in the withdrawal of the privilege to receive donations through the City-County payroll system.

8.8 Contributions by Employees will be totally voluntary and based upon an Employee's written authorization. Employees will be given an opportunity to contribute at the time of hiring or during each Campaign. Payroll deduction giving will be encouraged but cash will be accepted. Employees shall be allowed to withdraw their consent to payroll deduction for contributions at any time, for any reason, upon written notice to the Human Resources Division. As practicable, cancellation shall take effect for the pay period following the receipt of the Employee's request.

8.9 Contributions will be in the form of a term allotment for a period of one full year beginning with the first pay period paid after January 1 and ending with the last pay period one full year from that date.

8.10 The operation of the payroll deduction system for the distribution of contributions will be provided by the City-County

as a service to its Employees in the same manner that other authorized deductions are provided. The Campaign Manager shall distribute the contributions quarterly, or more often as determined by the Director or Designee.

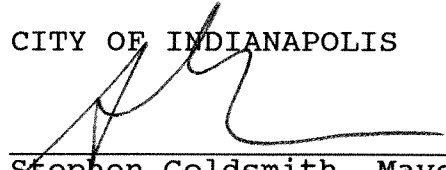

8.11 Payroll deductions will be discontinued automatically: (a) upon expiration of the one year withholding period; (b) upon death, retirement, or separation of a contributor from City-County employment; or (c) when an organization's privilege to receive contributions is revoked for any reason. A discontinued payroll deduction will not be reinstated within the current contribution year.

8.12 The Controller's and Auditor's offices will assume responsibility for the accuracy of remittances, as supported by current allotment authorizations, and internal accounting and auditing requirements. The Campaign Manager will assume responsibility for the accuracy of distributions among the participating Federations and non-participating Employee-designated Agencies.
